

## First of the Police Heroes on Evening World Honor Roll

FRANCIS A. SMITH DENNIS E. REILLY.

Scarcely a day passes in which some policeman of the Greater New York force does not perform some act of heroism at the risk of life and limb. The Evening World will keep and publish, in the future, a condensed record of these occurrences, setting forth the name of the officer and the character of his protecorthy act.

A Bowery fire early Wednesday served to place the names of two policemen on The Evening World's Roll of Honor. Later in the day a bicycle policeman, at imminent danger to himself, stopped a runaway horse that was galloping down upon a crowd of school children. That the list will grow apace and reflect credit upon the New York police organization there is not the shade of a doubt.

### THE EVENING WORLD'S HONOR ROLL.

March 25, 1908—REILLY, DENNIS E., policeman, Mulberry street station; rescued at great personal risk, four persons in a fire at No. 133 Bowery.  
SMITH, FRANCIS A., policeman, Eldridge street station; rescued at great personal risk, four persons in a fire at No. 133 Bowery.

## STARVING MAN TELLS POLICE HE IS A MURDERER

Conscience, He Says, Gave  
Him No Rest Till He  
Confessed.

Starvation and a conscience that would not let him sleep drove a man who said his name was William Saenger to confess murder. He is a prisoner at Police Headquarters, and a telegram is expected to-day from Montreal verifying his remarkable story.

Ragged, emaciated and hollow-eyed, he staggered into Headquarters last night scarcely able to speak, and would have fallen if a detective hadn't caught him. When he recovered he said:

"Gentlemen, my name is William Saenger. I came in here to give myself up. In the early part of November I shot and killed and then robbed Pierre De Lorne on the Sower road, three miles from Montreal. I am sick and starving and have not had a meal in a week. There was no rest for my conscience, and I want to have the whole thing over with."

Saenger is a Scotchman, thirty-five years old and unmarried. According to his story he has been a farm hand in different parts of Canada for the last few years. In telling of the murder of De Lorne, who, he says, was a wealthy farmer, Saenger implicated Peter Upton and Joseph Lamere. He says both those men were with him and received an equal share of the \$50 which was taken from the dead man's pockets. He says Upton and Lamere are now under arrest in Montreal for another crime.

"After we divided the money we went different directions," said Saenger. "I wandered from place to place and finally landed in Boston. No matter where I went I couldn't sleep and when I reached this city about three weeks ago I was a nervous wreck. I've been wandering around the docks during the daytime and trying to rest in the parks at night. But it wasn't no use and I decided to give myself up."

### "GRAFTERS" ROB CHICAGO.

City Cheated Out of \$50,000 by Use of "Fixed" Meters.

CHICAGO, March 25.—A ring of "grafters" in the employ of the city Water Department has been uncovered which, evidence so far indicates, has cost the city \$50,000. D. B. Harrington, foreman of the meter mechanical division, has been removed, John Lambkin, chief clerk, disappeared two weeks ago. It is not known where he is. He was removed. Thirty employees were dropped. A bill for \$25,000 for water was sent to Harrington. "I do not mean to say that he had guilty knowledge of the fixing of meters or the other scandal that existed in the bureau, but I do believe that he was entirely too easy with his men and permitted gross irregularities."

## JUDGE HASCALL, CITY COURT, ILL TEN DAYS, DIES

He Had Gone to Little Falls  
Suffering from Heart  
Trouble.

Justice Theodore F. Hascall, of the City Court, died last night at Little Falls, N. J., where he had gone about ten days ago, suffering from heart trouble.

Justice Hascall was born sixty-two years ago in Leroy, N. Y., where his father, A. P. Hascall, had been a judge and Congressman. Justice Hascall's widow, who is ill, and his daughter, are in Paris.

Justice Hascall was a member of the Democratic Club of this city. Before his election to the City Court bench, in 1900, he practiced law in this city. Adrian C. Joline, one of the receivers for the New York City Railway Company, was formerly his law partner. Justice Hascall's term in the City Court would have expired Dec. 31, 1910.

JAP BARON DEAD.  
TOKIO, March 25.—Baron Yanosuke Iwasaki died yesterday at the age of fifty-seven. He was a widely known merchant and banker, being Governor of the Bank of Japan in 1898. In 1902 he made a tour of the world, remaining in New York two days.

### GROWING STRONGER Apparently, with Advancing Age.

"In 1896, at the age of 50 years, I collapsed from excessive coffee drinking," writes a man in Mo. "For four years I shambled about with the aid of crutches or cane, most of the time unable to dress myself without help. My feet were greatly swollen, my right arm was shrunk and twisted inward, the fingers of my right hand were clenched and could not be extended except with great effort and pain. Nothing seemed to give me more than temporary relief."

Now, during all this time and for about 30 years previously, I drank daily an average of 6 cups of strong coffee—rarely missing a meal.

"My wife at last took my case into her own hands and bought some Postum. She made it according to directions, and I liked it fully as well as the best high-grade coffee. "Improvement set in at once. In about 6 months I began to work a little, and in less than a year I was very much better, improving rapidly from day to day. I am now in far better health than most men of my years and apparently growing stronger with advancing age."

"I am busy every day at some kind of work and am able to keep up with the procession without a cane. The arm and hand that were once almost useless now keep far ahead in rapidity of movement and beauty of penmanship."

"There's a Reason." Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville," in pigs.
